REPORT OF THE ACCOUNTANT-GENERAL

1.0 OVERVIEW

The Accountant-General is the administrative and technical head of the Treasury, which operates under the aegis of the Ministry of Finance and Economic Development.

The key responsibilities of the Accountant-General are:-

- to maintain the accounts of government, to prepare annual Financial Statements and to ensure that accounting systems respond to government's needs for the proper processing, recording and accounting of financial transactions and for financial reporting;
- to monitor the cash flow positions of government and to ensure that adequate funds are available to meet government's payment obligations in the most cost-effective way;
- (iii) to manage the dispensing of Motor Vehicle Loans and Passage Benefits to government employees, as well as the payment of public service pensions and other retiring allowances, in accordance with prescribed rules, laws and regulations; and
- (iv) to operate as government's main payment centre and to ensure that all payments of government are executed efficiently and in a timely manner.

The Finance and Audit Act requires the Accountant-General to prepare annual Financial Statements presenting fairly the financial transactions and financial position of the Government of the Republic of Mauritius on the last day of every fiscal year. For the fiscal year 2017-2018, the accounts were closed on 30 September 2018 and the Financial Statements were submitted to the Director of Audit within the period prescribed under the Finance and Audit Act.

As mentioned in my Annual Report of 2016-2017, the Treasury has already embarked on the implementation of an accrual-based accounting and reporting framework consistent with International Public Sector Accounting Standards (IPSASs). The main objective of the envisioned framework is to improve transparency, accountability and decision making through the production and publication of financial statements that provide more information on the assets and liabilities of the government.

In conformity with the new provisions of the Finance and Audit Act, additional financial statements were produced in respect of the financial year 2016-2017 and some assets and liabilities were recognised in the statements for the first time. The financial statements have been further enhanced in 2017-2018 by the recognition of additional assets and liabilities.

It is expected that the financial statements of the government would be in full compliance with IPSAS as from 2022-2023, as required under the Finance and Audit Act.

Systems and procedures that will support the development of the new accounting and reporting framework are also being reviewed and enhanced. In particular, a computerised Government Asset Register (GAR) has been developed and recording of assets in the GAR by Ministries and Departments is in progress.

2.0 ANNUAL STATEMENTS

Section 19 of the Finance and Audit Act requires the Accountant-General to sign and submit to the Director of Audit, within 6 months of the close of every fiscal year, statements presenting fairly the financial transactions and financial position of Government on the last day of such fiscal year. Table 1 gives a list of statements submitted to the Director of Audit.

Statements A to AF are new statements that are being prepared and audited as from the financial year 2016-2017, and were introduced as part of the new accounting and reporting framework being implemented. One of the main goals of introducing the new statements is to enhance both the content and quality of financial information presented, to respond to the needs of a wide range of users and also to ensure compliance with IPSAS. As such, revenue and expenditure are being reported in different statements as follows:

- (i) *Statement of Financial Performance*, showing recurrent revenue and expenditure by both function and nature;
- Statement of Comparison of Budget Estimates and Actual Amounts, showing total actual revenue and expenditure, by both function and nature, compared to Budget Estimates;
- (iii) *Abstract Account of Revenue and Expenditure of the Consolidated Fund,* showing revenue by economic categories and expenditure by votes;
- (iv) *Detailed Statement of Revenue of the Consolidated Fund,* showing revenue by economic items as per the Budget Estimates;
- (v) Detailed Statement of Expenditure of the Consolidated Fund, showing expenditure in detail by economic items as per the Budget Estimates.

3.0 AUDIT CERTIFICATE

The Finance and Audit Act requires the Director of Audit to submit to the Minister copies of statements, together with a certificate of audit and a report on all accounts of the Government within the period prescribed in the Section 20(1) of the Act. The Act also requires the Minister to lay those documents before the National Assembly.

The Director of Audit has certified that, the Annual Statements give a true and fair view of the financial position of the Government of the Republic of Mauritius as at 30 June 2018, and of its financial performance and its cash flows for the year then ended in accordance with accounting principles generally accepted in Mauritius and in compliance with the Finance and Audit Act.

6.0 ACKNOWLEDGEMENT

I take this opportunity to express my gratitude to the Financial Secretary, the Director of Audit and Heads of Ministries and Departments for their continued support and collaboration.

I am also thankful to all the staff of the Treasury for their hard work and commitment. I wish to put on record their sustained efforts to enable the timely preparation and submission of the statutory financial statements.

C.ROMOOAH Accountant-General 09 April 2019

NATIONAL AUDIT OFFICE

REPORT OF THE DIRECTOR OF AUDIT

TO THE NATIONAL ASSEMBLY

Report on the Audit of the Annual Statements

Opinion

I have audited the Annual Statements of the Government of the Republic of Mauritius on pages 1 to 303, which comprise the statement of financial position as at 30 June 2018, and the statement of financial performance, the statement of changes in net assets or equity, the statement of cash flow and the statement of comparison of budget estimates and actual amounts for the year then ended, other Statements and notes to the accounts, including a summary of significant accounting policies.

In my opinion, the accompanying Annual Statements give a true and fair view of the financial position of the Government of the Republic of Mauritius as at 30 June 2018, and of its financial performance and its cash flows for the year then ended in accordance with accounting principles generally accepted in Mauritius and in compliance with the Finance and Audit Act.

Basis for Opinion

I conducted my audit in accordance with International Standards of Supreme Audit Institutions (ISSAIs). My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Annual Statements* Section of my report. I am independent of the entities (Ministries and Government Departments) in accordance with the INTOSAI Code of Ethics together with the ethical requirements that are relevant to my audit of the Annual Statements in Mauritius, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of Matter

I draw attention to Note 7(c) to the Accounts, wherein it is disclosed that Infrastructure Assets, Transport Equipment and Other Machinery and Equipment represent cost of assets acquired as from specified dates. The Infrastructure Assets do not include assets acquired by Government on behalf of other Public Sector Bodies, and Other Machinery and Equipment exclude office equipment acquired under recurrent expenditure items.

My opinion is not modified in respect of this matter.

14th Floor, Air Mauritius Centre, John Kennedy Street, Port Louis – Mauritius Tel.: 212 2096-97/2110836 Fax: (230) 2110880

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the Annual Statements of the current period. These matters were addressed in the context of my audit of the Annual Statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

Loans and Advances

Statement M – "Statement of All Outstanding Loans Financed from Revenue" provides details of loans financed from revenue advanced to Statutory Bodies, Private Bodies, Other Bodies and Private Individuals. Total loans due to Government (Capital only), as per Note 4 to the Accounts, amounted to some Rs 10 billion, and the original amounts of foreign loans as per Note 1 to Statement M, were stated at their rupee equivalent on date of issue. At 30 June 2018, the outstanding balance of loans advanced in foreign currencies were translated to their rupee equivalent at the closing rate of exchange published by the Bank of Mauritius. Capital due but not yet paid as at that date amounted to some Rs 1.3 billion.

Given the material size of the outstanding loans (Capital only) and arrears, and the low recovery rate of debts, I have identified the valuation of outstanding loans and arrears as a Key Audit Matter.

How my audit addressed the Key Audit Matter

I assessed the accuracy and completeness of outstanding loans by verifying that all transactions regarding the loans were correctly recorded in the Advance Ledgers. The accuracy of the closing balances of foreign loans was tested taking into consideration closing rate of exchange for their translations.

For all new loans advanced during the year, I checked for authorisation and verified that a loan agreement has been drawn and duly signed by the parties concerned.

For existing and new loans, I checked that repayments had been effected as per the terms and conditions of the loan agreements. I also verified that the conversion of outstanding loans into share capital had been properly authorised by the Ministry of Finance and Economic Development.

For capital due but not yet paid, I selected a sample of cases, and independently checked the computation of arrears. In all cases examined, the computation of arrears of revenue was correct.

Government Debt

As at 30 June 2018, Government Debts totalled some Rs 261.4 billion. The debts were reported at cost in the Statement of Financial Position and Note 12 to the Accounts.

New issues of securities for Government's borrowing requirement were in respect of Treasury Bills, Treasury Notes and Government of Mauritius (GoM) Bonds and amounted to Rs 37.2 billion, Rs 20.1 billion and Rs 24.9 billion respectively. Redemption of Treasury Bills, Treasury Notes, GoM Bonds and Mauritius Development Loan Stock (MDLS) were Rs 37.2 billion, Rs 17.7 billion, Rs 7.2 billion and Rs 323.7 million respectively.

As for liquidity management and mopping up of excess liquidity, there were no new issues of securities. Redemptions amounting to Rs 12.7 billion, Rs 603.3 million and Rs 6.5 million were made for Treasury Bills, Three year GoM Savings Notes and Five year GoM Savings Bonds respectively.

New loans contracted from external sources amounted to Rs 805.5 million and repayments of external loans were Rs 3 billion.

Given the various instruments used for Government Debt management, and the material size of the Debt which accounted for some 95 per cent of total liabilities, I have identified the valuation of Government Debt in the Statement of Financial Position as a Key Audit Matter.

How my audit addressed the Key Audit Matter

I assessed the accuracy and completeness of Government Debt by ensuring that all transactions were recorded in the respective individual debt ledgers and that ledger balances and abstracts were reconciled on a monthly basis. Officers of the Public Debt Management Unit and the Treasury were interviewed, and appropriate and sufficient documentary evidence was obtained to substantiate recorded transactions.

I tested the accuracy of the closing balances of external loans, taking into consideration closing rate of exchange for their translations. For all new loans contracted by Government, I verified that Loan Agreements were signed.

For issues and redemptions of securities, I checked for authorisation and that proper documentary evidence was available. The accuracy of interest payments was also ascertained.

Responsibilities of the Accountant General and Those Charged with Governance for the Annual Statements

The Accountant General is responsible for the preparation and fair presentation of these Annual Statements in accordance with accounting principles generally accepted in Mauritius and in compliance with the Finance and Audit Act, and for such internal control as management determines is necessary to enable the preparation of Annual Statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the Ministries' and Departments' financial reporting process.

Auditor's Responsibility for the Audit of the Annual Statements

My objectives are to obtain reasonable assurance about whether the Annual Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Annual Statements.

As part of an audit in accordance with ISSAIs, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the Annual Statements, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and obtain
 audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of
 not detecting a material misstatement resulting from fraud is higher than for one resulting from
 error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or
 the override of internal controls.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Ministries' and Departments' internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the Annual Statements, including the disclosures, and whether the Annual Statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the Annual Statements of the current period and are therefore the Key Audit Matters. I describe these matters in my auditor's report, unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Management's Responsibility for Compliance

In addition to the responsibility for the preparation and presentation of the Annual Statements described above, management is also responsible for ensuring that the activities, financial transactions and information reflected in the Annual Statements are in compliance with the laws and authorities which govern them.

Auditor's Responsibility

In addition to the responsibility to express an opinion on the Annual Statements described above, my responsibility includes expressing an opinion on whether the activities, financial transactions and information reflected in the Annual Statements are, in all material respects, in compliance with the laws and authorities which govern them. This responsibility includes performing procedures to obtain audit evidence about whether the Ministries' and Departments' expenditure have been applied to the purposes intended by the legislature, and all reasonable precautions have been taken to safeguard the collection of public money. Such procedures include the assessment of the risks of material non-compliance.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Opinion on Compliance

Finance and Audit Act

I have obtained all information and explanations I have required for the purpose of my audit.

In my opinion, except for the matters mentioned in my Report for the year ended 30 June 2018, in all material respects, the activities, financial transactions and information reflected in the Annual Statements are in compliance with the Finance and Audit Act.

C. ROMOOAH Accountant-General

28 December 2018

1. GENERAL

The Statement of Financial Position has been prepared in accordance with Section 19 of the Finance and Audit Act, 1973 as subsequently amended.

2. ACCOUNTING POLICIES

2.1 Basis of preparation

- (i) These financial statements have been prepared in accordance with generally accepted accounting principles, on the basis of historical cost except for State Lands which have been recognised at the value estimated by the Government Valuation Department. Revenue is accounted on a cash basis. The accrual basis has been applied to report some expense elements.
- (ii) The accounting policies have been applied consistently throughout the year.
- (iii) The Statement of Financial Position includes the following elements which are being recognised for the first time:
 - (a) Inventories;
 - (b) Depreciation & Amortisation;
 - (c) Prepayments; and
 - (d) Accrued expenses.

2.2 Reporting Entity

The accounts are for the Budgetary Central Government, which includes only Ministries and Government Departments.

2.3 Reporting Period

The accounts cover the fiscal year of the Government of Mauritius from 1 July 2017 to 30 June 2018.

2.4 Foreign Currencies

(i) Functional and presentation currency

The accounts are presented in Mauritian Rupees (Rs), rounded to the nearest rupee, which is also the functional currency.

(ii) Transactions and balances

Transactions in foreign currencies are initially translated at the foreign exchange rate at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at yearend exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Financial Performance. Non-monetary assets and liabilities measured at historical cost in foreign currencies are translated using the exchange rate at the date of the transaction.

2.5 Investments

Investments are recognised at cost in the Statement of Financial Position.

2.6 Authorisation Date

The financial statements were authorised for issue on 28 December 2018 by Mr. C. Romooah, Accountant-General.

(b) Accruals

Accruals are expenses incurred by the Government during a financial year but not yet paid as at year end.

(c) Retention Money on Contracts

Retention money is a percentage of the amount certified as due to the contractor on an interim certificate, that is deducted from the amount due and retained by the Government.

(d) Carry-Over of Capital Expenditure

In terms of section 3A of the Finance and Audit Act, carry-over of capital expenditure represents the balance of the provision earmarked for capital projects in financial year 2017/2018 payable within 3 months of the close of the financial year. A consolidated list of carry-overs is included at Annex to the Statement D1.

The amount recognised in the Statement of Financial Position represents that portion of the total provision carried-over and paid in 2018/19 in respect of which goods were received or works completed by 30 June 2018.

14. SPECIAL FUNDS

These are the monies deposited with the Government by the various funds set up under the Finance and Audit Act.

15. CONSOLIDATED FUND

This represents the accumulated surplus of the Consolidated Fund established by Section 103 of the Constitution of the Republic of Mauritius. In accordance with Section 3 of the Finance and Audit Act, the Consolidated Fund has during the year under review been:

- (i) credited with all the revenues of the Government and all other money properly accruing to it; and
- (ii) charged only with expenses on the authority of warrant issued by the Minister of Finance.

The Consolidated Fund has also been adjusted for the purposes of recognising assets and liabilities of the Government.

A reconciliation of the Consolidated Fund on a cash basis with the Consolidated Fund as per Statement A is provided as follows:

16. COMPARISON OF BUDGET AND ACTUAL AMOUNTS

The original estimates were passed by the National Assembly on 30 June 2017. The approved budget is in respect of revenue estimates and Government expenditure, both recurrent and capital, appropriated by votes for the financial year 2017 - 2018. The original estimates of expenditure amounted to Rs 147,232M.

During the year under review, funds were transferred or re-allocated in accordance with the Virement Rules, and are shown as 'Total Provisions after Supplementary Appropriation and Virement' in the Statements of Comparison of Budget Estimates and Actual Amounts - Statement AE and Statement AF.

17. PRIOR YEAR ADJUSTMENTS

The following elements have been recognised in the Statement of Financial Position for the first time in the financial year ended 30 June 2018:

- (i) Inventories;
- (ii) Depreciation & Amortisation;
- (iii) Prepayments; and
- (iv) Accrued Expenses.

Retrospective adjustments were made in respect of the above by restating the comparative amounts for the previous financial year. Prior year adjustments were also made in respect of Property, Plant and Equipment and Intangible Assets.
