6. Accounting Officers are requested to ensure that Abstracts, Remittance Accounts, Advances and Deposit Ledgers and Revenue Registers are properly checked and reconciled. Any adjustment arising after the second closing should be input promptly in TAS. For adjustments after the second closing, approval of the Accountant-General should be sought prior to input in TAS at the Treasury. The approval should be sought in writing and duly signed by the Accounting Officer or the Officer-in-Charge of Finance with reasons/justifications as to why same has not been attended to prior to the second closing.

7. All adjustments in respect of wrong combinations and misallocations up to **May 2017** should be effected before the **first closing of accounts**. All adjustments relating to **June 2017** should be dealt with before the second closing. *Any discrepancy not cleared should be reported to the Accounts Section of the Treasury.*

8. To ensure correctness of figures Ministries and Departments should check their respective abstracts against the Trial Balance as well as the **Funds Available Screen** of TAS.

9. A report entitled “**TAS Trial Balance Abstract R12**” is available in TAS and should be run after each closing. Any discrepancy noted should be promptly reported to the TAS Section of the Treasury.
10. Cash Books and Abstracts in respect of Expenditure and Revenue and Below-the-line Accounts should tally with the Trial Balance. This should be stated in the reconciliation certificate.

11. Reconciliation certificates in respect of Expenditure, Revenue, Below-the-Line Accounts and Cash Book for the month of **May 2017** should reach the Accounts Section of the Treasury **at latest by 23 June 2017**. Any discrepancy should be sorted out immediately.
